|                                                                    |                               |
|--------------------------------------------------------------------|-------------------------------|
| RECOMMENDATION<br>Qualified for consideration — review recommended | FORM STATUS<br>Complete       |
| TIME ELIGIBLE<br>Eligible                                          | HIGH-RISK STATUS<br>No        |
| PO POSITION<br>Oppose                                              | GOVERNMENT POSITION<br>Oppose |
| REVOCATION PROBABILITY                                             | MEETS MIN STANDARD            |

**3.85%****Yes**

**Qualified for consideration — review recommended.** Case note: This is a fixed supervised release term of 10 years. The supervisee has completed 36.0 months of supervision. The revocation probability at the current month and criminal history category is 3.85%. The threshold for dropping below 5% is 01/23/2026. The full-compliance date is 05/23/2026. Government position is shown separately and is not used to determine qualification or recommendation. Although the PO is opposed to early termination, the supervisee meets the qualifications for consideration.

### Calculated Timing and Probability

### Standards and Determinations

| Item                                 | Result                                                                              |
|--------------------------------------|-------------------------------------------------------------------------------------|
| Meets 1-Year Minimum                 | Yes                                                                                 |
| Meets 18-Month Minimum               | Yes                                                                                 |
| Meets < 5% Probability Standard      | Yes                                                                                 |
| Meets Full Compliance Date           | No                                                                                  |
| Schuman Termination Standard Summary | Meets 18 Month Minimum and <5% Probability to Reoffend but not Full Compliance Date |
| Probation Officer Recommendation     | Probation Officer Does Not Recommend Early Termination                              |
| Supervisor Review Required           | Supervisor Review Required                                                          |
| Supervisor Recommendation            | Supervisor Recommends Early Termination                                             |
| Government Position                  | Government Opposes Early Termination                                                |

This calculator applies the guidance in Volume 8, Section 360.20 of the Guide to Judiciary Policy and the Schuman termination standard. It is calibrated to be balanced but inclusive: to identify individuals who qualify for early termination or deserve serious consideration, rather than limiting review to only the easiest cases.
